Customized team shirts

Unique hotel and resort souvenirs

Desktop Direct-To-Garment Printing

VersaSTUDIO BT-12

Personalization from Your Desktop

The VersaSTUDIO BT-12 can print directly on cotton fabrics right from your desktop. Easily print on T-shirts, tote bags, interior décor, and more to produce high-value personalized goods.

EASY TO USE

Simple and Safe Operation

The BT-12 was designed to be powerful and easy to use so that anyone can create original products of exceptional quality without special skills or training. The optional cassette-type HB-12 finisher safely fixes the ink to the fabric, providing a complete printing process even in stores. "cotodesign" lets you create designs easily from a tablet* for effective sales at stores and events. *A computer is required for printing.

Design Software

The BT-12 comes with the easy-to-use Roland Design Software, which includes simple operation screens that make importing and editing images easy for smooth printing.

COMPACT

Compact Modular Design

The BT-12 is ideal for desktop use even at stores or events where space is limited. The printer can also be stacked on top of the HB-12 finisher to provide a complete printing process in the smallest possible space.

HIGH QUALITY

Clear Photo Reproduction

From T-shirts to tote bags, the BT-12 prints directly on white and other light-colored cotton fabrics*. And with a resolution of up to 1,200 dpi, even designs with photos print beautifully.

*Fabric must have a cotton blend ratio of at least 50%.

LOW COST

Jump-Start Your Business with Minimal Investment

With no special equipment or skills required, the BT-12 provides direct-to-garment printing with a minimal initial investment. Take advantage of profitable personalization services to draw in more customers and increase your brand value.

Expanded Opportunities

Our optional cotodesign software supports production and sales of original products through connectivity to various devices. From designing and receiving orders to printing and sales, the smooth operation helps you create unique personalized products.
